

LifeGuard Control Panel Client Portal

The new **LifeGuard Control Panel Client Portal** is an innovative, secure intranet site that allows clients, as well as their family members and primary caregivers (with client consent) to update the information held by INS LifeGuard themselves at any time. This helps empower clients in-line with Consumer Directed Care. The portal will also offer other useful features.

Do away with paper forms!

- Update personal details including home phone and mobile numbers
- Update property details, including the security key holder code
- Edit GP & Pharmacy details, and medical information
- Set-up tasks and reminders
- View messages, listen to podcasts, browse news feeds and other interesting information

Simply call 1800 636 226 to request access to the LifeGuard Control Panel Client Portal.
